

## Lhasa Apso Club Championship Show 14<sup>th</sup> October 2018

I would like to thank the LAC committee for the invitation to judge this show and thank you to the stewards for keeping the ring in order. Also to all the exhibitors who entered the show thank you

I enjoyed my day judging and having the opportunity to access how the breed is doing. I did have some lovely dogs to go over. Breeders must be honest with themselves and look at what their stock is producing. Also as breeders we are the custodians for the breed's future. Many different heads and balance, Size is all over the place. Positive improvement was the mouths and fronts. Negative was lacking depth of chest and loose elbows. I shall look forward with interest to seeing how all my puppies entered come on in the future.
